

THE STERLING – ROCK FALLS COMMUNITY TRUST SCHOLARSHIPS

Application Instructions (Revised 12/2021)

The Sterling-Rock Falls Community Trust administers a number of scholarships funds and welcomes the applications of high school seniors and college students. Application forms and additional information can be obtained from guidance counselors at high schools in Sterling and Rock Falls or from Midland States Bank Wealth Management, 302 First Avenue, Sterling, IL 61081, phone (815) 285-5185.

Basic Requirements:

1. **Residency** - Applicants must reside within the boundaries of the Sterling and Rock Falls school district and must be a graduate of an accredited high school in Sterling or Rock Falls.
2. **Certification by school** - A guidance counselor or principal of the high school from which the student has, or will, graduate must sign the last page of the application to confirm eligibility. A copy of the student's transcript must be included as part of the application.
3. **Financial information** - Many of the scholarships are available for up to moderate income families and financial need is a factor in their award. Students applying for any of these need-based scholarships must submit a copy of their FAFSA application or their parents' complete and signed federal income tax return for the current tax year. This information needs to show the income of the person(s) *who claims the applicant as a dependent*. The student's return will be needed if they are not claimed as a dependent on a parent's return.
4. **Enrollment Status**– Scholarships are awarded for the benefit of full-time students for those pursuing a 2- or 4- year degree. Full- or part-time students are eligible for the one-time \$1,000 scholarship for those pursuing a trade or technical certificate or license.
5. **Deadline** – Applications are due **April 1st**. There may be additional funds available for scholarships after the initial awards are made, and the Community Trust accepts applications submitted after **April 1st up to July 1st**. There is, however, no guarantee that any additional scholarships will be awarded from the July deadline applications.

Other information:

6. **Amount of award** - The scholarship award amounts may vary from year-to-year and are dependent upon the funds and income available that is generated by the Trust. General scholarship awards to a trade or technical certificate or license program could be up to \$1,000, a community (2 year) school could be up to \$1,500, and students attending a 4-year institution could receive up to \$3,000.
7. **Payment of funds** - Scholarship funds will be paid directly to the school that the successful scholarship applicant is attending.
8. **Renewal of Scholarships** - Applications for annual renewal of general scholarship grants for 2- and 4- year degrees are subject to satisfactory progress toward graduation and good academic standing per their educational institution. The deadline for applications is the same as stated above. Scholarships may be available for students entering their fourth year of study at a college or university, depending upon available funds. Scholarships for certificate and license programs are non-renewable.

Completed applications with pertinent attachments to be submitted to:
